## PROJECTS

---

### Event Management System

- Designed and established a robust Event Management System to optimize event planning, scheduling, and coordination, enhancing efficiency and workflow.
- Created and maximized a user-centric interface with features including attendee registration, venue management, automated notifications, and real-time analytics to enhance usability and efficiency.
- Integrated secure payment gateways and multi-user access controls to enhance usability and security.
- Elevated event organization efficiency by 20% through streamlined processes and improved scheduling.
- The project successfully reduced manual workload and bolstered operational efficiency, making it a robust solution for event planners and organizations.

### Personal Portfolio

- Created an interactive personal portfolio website using HTML, CSS, JavaScript, and React to showcase projects, technical skills, and professional experience. Designed and implemented responsive design, layout, fine-tuned website performance for faster loading speeds, and integrated SEO best practices to improve search visibility and user engagement.
- Engineered and integrated interactive UI elements, a responsive project showcase, and advanced contact functionalities to enhance user engagement and experience.
- Utilized Git and GitHub for version control and efficiently deployed the website via GitHub Pages, ensuring seamless collaboration and deployment.
- This project demonstrates strong front-end development skills, and the ability to create professional digital portfolio.

### To-do list app

- Developed and managed a To-Do List application, streamlining task organization with features like real-time updates, priority tagging, and deadline tracking.
- Built an intuitive UI/UX using React & integrated a backend with Node.js for seamless data management.
- Expanded functionality with user authentication, cloud storage, and reminder notifications.
- Leveraged Agile methodologies for iterative development, improving efficiency and user experience.
- Refined for performance and scalability, ensuring a responsive and accessible interface.
- Drove a 30% increase in user engagement through strategic feature enhancements.

## EDUCATION

---

M.I.E.T. Engineering College, Trichy, Tamil Nadu, India  
**Bachelor of Engineering, Computer Science and Engineering**

06/2019 - 04/2023

CGPA: 7.48
